

de Le Cuona

NEW ACCESSORIES COLLECTION
SUMMER 2023

COLLECTION OVERVIEW

From the most sublime Cashmere throw with whispers of paisley to covetable cushions with couture detailing, the new season's accessories are a sartorial affair, inspired by contemporary luxury tailoring.

The throw and seven cushions are crafted in a mix of de Le Cuona's latest innovative fabrics and their signature classics. The colours are also chosen to work seamlessly together whilst complementing the complete fabric and accessory collection.

In a subtle celebration of the classic stripe, hand crafted details of drawn threadwork, rows of tiny covered buttons, quilting, and fringing display linear design elements that showcase the skill of the maker. All are created with real artistry, by hand in England.

In customary de Le Cuona style, the raw and refined co-exist to create an eclectic aesthetic ranging from soft and elegant to bold and modern. Each is a timeless piece, made with love, to last.
