With Rapido, Studioart aims to grant an average lead time of 3 days on these items when sold as hides, for at least 95 % of deliveries and 2 weeks when used for Leatherwall! ANY RESERVES FOR THESE ITEMS WILL EXPIRE IN ONE WEEK FROM THE RESERVE DATE, rather than our standard 3 weeks.

It is also important to note that these items are all available as options in our Leatherwall program WITHOUT ANY SET UP OR ADDITIONAL FEES. They will be considered as STANDARD colors when pricing out the various patterns.

As with any of our products, we do recommend that you confirm stock for your client, but with the expectation that these items are readily available.

Please see the attached spread sheet including the Leather collection, color and Product code.
