Romancing The Stone

This fall, agate is making a grand entrance in the home, proving that geologists are definitely onto something.

By Jennie Nunn

Watch the Clock

Never worry about being tardy again with the Cele clock; place it atop the nightstand or a desk in the library. \$100; rablabs.com.

Rock Star

Add a touch of refined elegance with a handmade cast bronze agate table lamp designed by California-based duo Tuell and Reynolds; it's topped with a silk shade. \$4,500 each or by special order; tuelloreynolds.com or thomaslavin.com.

Book Worm

Handprinted in Italy, the digital-inspired Weston agate journal is perfect for on-the-go thoughts or stashed inside your carry-on. \$57; net-a-porter.com.
