Photography plays a key role in the Moment collection by Milliken. Designed by Kristin Gruenefeld, each image was carefully selected to reflect the energy, dramatic impact, and scale occurring naturally in large public spaces. Swept Away is one of four designs, capturing the beauty of dancers flowing organically across the floor. [MILLIKEN.COM](http://MILLIKEN.COM)

Craftwood is Terra Legno's newest addition to the Fumatto collection. This resilient flooring option features a rich, engineered hardwood material.
