EYE ON DESIGN

Name designers with new collections are big news, as you can see here. We find that more home design stores are opening and others expanding. It's particularly exciting when a new local design talent pops into view. Don't miss out on the excitement.

ROOMS OF BLOOMS

Spring/summer 2013 finds flowers aren't your grandmother's posies. **Jim Thompson's** new textiles favor expressionistic flower patterns with color coordinates in geometrics and solid colors. **Romo's** Ortega Collection, also comes in coordinating florals, stripes and geometrics. **Eskayel** offers a flower-like pattern in cerulean blue or viridian green. Jim Thompson, **Kneedler-Fauchère**, Pacific Design Center, West Hollywood, 310-855-1313; **Thomas Lavin**, Pacific Design Center, 310-278-2456; Eskayel, Brooklyn, N.Y., 347-703-8084.
